Julie C.: Discussion on poll. Shared one page summary of results

Mechanism for keeping the dean of each new school impartial should involve an evaluation process.

Comment: Bring in outside expert to evaluate our school impartially.

3 Dean model would be approximately \$450k, but we don't need 3 new people since we have 1 dean and a director already.

New plan will not get more money from state of California. Will have to rebudget.

Release time for new tenure track faculty has not been funded.

Comment: need a tactical plan as well as our strategic plan.
