

Dear Arny -

We would be much
pleased to know how you are enjoy-
ing yourself. If you want to come home
before the 4th of July you had best come
with Mr Charles Acken next Monday
morning or anyone who comes to Oakland
at that time. I hope you please Mrs Acken
and Mr Will by your conduct. Remember
us all to them and also to Florence -
Pam & Mr Harry Quinn think of going
up into Mendocino Co to hunt and fish
they will have to take their own tent, but
the man there says he'll board them.
It is not so far up as he went last year
with Mr Finch. The Rees's are going
tomorrow to Pacific Grove to live in
a tent and will close the houses,

I see Hope and Minnie on the streets so
conclude they have not gone away.
Those dear little Jews (the coffee's) I've
not seen for days - think they must
have gone to the Springs. Professor is
sad - so many of his pupils are
away. he has moved into his new
house and has bought a new pole
and curtains for his Parlor, and a
new carpet. Lulu played at the Rea's
with Charlie Parcells last night - Mrs
Wallace has moved to 20th and Telegraph
Avenue. Sam spent most of yesterday
afternoon and all this morning with
your friend James Logg - he expects to
leave for Pacific Grove on the 1st July.
Sam is very lonely - spends most of his
time groaning and sighing - your Grand
Maw is better - up and dressed the
past two days. I'm having Sam &
Emmas rooms cleaned and Sam
tired out. all the Cats are well
Ernest Mahar is going to St Helena to
visit an Uncle who keeps the largest
Grocery Store in St Helena. perhaps Hattie

will go with him - If you would like a
flannel or white shirt - Stockings or any
clothes or things just let me know and
I will mail them up to you. Margaret made
currant Jelly today and had very good
success. We miss you very much
we all send you our love

Yours loving

Mamma -
