HOURS FOR REGISTRATION - Regular registration will be conducted as indicated in the class schedule and the last weekly bulletin on January 4, from 8:00 a.m. to 8:00 p.m. Registration may be completed on January 5 in the office of Admissions and Records, Student Services Building, Room 105 from 9:00 a.m. to 7:00 p.m. The hours for processing of late registration and schedule revisions through the office of Admissions and Records will be January 6 through January 12, 8:00 a.m. to 7:00 p.m. For the convenience of those students who are working, the office will be open over the noon hour during this time.

WHAT IS HAPPENING? WHERE? WHEN? - The purpose of the Weekly Bulletin is to answer these and other questions. It serves as a vehicle for announcements and communications for the entire campus.

In order to obtain maximum coverage, the Bulletin may be found in the Student Services Lobby, the Library, the Bookstore, the Cafeteria, and faculty and staff mail boxes and/or departments. It is distributed at those locations each Monday morning. Bulletin items should be submitted by 5:00 p.m. Thursday afternoon at the Student Services Information desk or the President's Office.

TELL US WHAT YOU'RE DOING, AND WE'LL TELL EVERYONE ELSE.

POLICY CONCERNING EMERGENCIES ON CAMPUS - In the case of any emergency occurring on campus involving either students, faculty, staff, or any visitor, the Campus Security Officer on duty should be notified first. The Security Officer will evaluate the situation and determine the course of action, notifying any other personnel he feels should be involved in the situation such as the Student Health Service, ambulance, etc.

ORIENTATION - All new students are invited to attend a group orientation meeting on January 5, at either 9:00 a.m. or 7:00 p.m., in CB 101. College programs and services will be discussed. An orientation to the services of the library will also be held on January 5 at 10:00 a.m. and 8:00 p.m. in the Library.

COUNSELING - Students having personal problems or questions concerning their educational or vocational future are invited to talk with a staff member in the Counseling and Placement Center. The Center maintains an up-to-date library of career information and offers a wide variety of tests that may assist students in their decision making.

These committees include "Academic Policy," "Student Life," "Institutional Operations," "Student Transition," and "External Affairs." PROFESSIONAL ACTIVITIES

Dean John Coash and Business Manager Gordon Callison attended a meeting of Research Coordinators and Foundation Directors on October 8 and 9, 1970, in San Diego. The meeting covered administration of contracts and grants, budget augmentations for research, external funding for research, and inter-relationships between teaching and research.

Dean John Coash also attended the American Association for the Advancement of Science, an invitational conference, held in San Francisco, November 18 thru 20, 1970. The purpose of the conference was to review a draft of the new guidelines for pre-service education of secondary teachers of science and mathematics.

## TO PARK OR NOT TO PARK, THAT IS THE FEE!

Questions have arisen concerning parking and it seems to be a good time to explain the parking situation to everyone on campus.

### 1. Why Parking Fees?

Income tax dollars support the basic educational operations of the college. By law, activities supporting the educational program are non-State funded. The Parking Program of the State College system on all nineteen campuses is one of the non-State funded programs. Construction, operation and maintenance of vehicle parking facilities must, therefore, be financed through fees which accrue to the State College Parking Revenue Fund. Implementation of the Parking Program is largely on a pay-as-you-go basis and is necessarily administered on a priority of need. The fees you pay are used to build and maintain parking lots developed from the Revenue Fund.

### 2. Who Pays?

All faculty, students and staff are required to pay parking fees for on-campus parking, in accordance with the schedule of fees established by the Trustees of the California State Colleges. Visitors to the college for business or educational reasons have a designated parking area and are not required to pay fees. Also, a Visitor's Pass may be obtained from the Cashier's Window, Adm. 105, for any special or unusual circumstance.

### 3. What Are The Fees?

At this campus, there are two ways to pay for on-campus parking. The decision is yours.

- (a) A bumper decal may be purchased at the Cashier's Window, Adm. 105, for \$9.00 per quarter, which entitles you to park in any available space on-campus. If you have a second car, an alternate decal may be purchased for an additional \$1.00 per quarter. Fees for motorcycles are \$2.25 per quarter.
- (b) If the decal is not to your advantage, a daily Parking Ticket may be purchased from the dispenser located in the parking lot nearest Stockdale Highway. A sign posted at entry indicates the location of the dispenser.

Parking fees are the same for the student body, faculty and staff throughout the State College system. Fees are periodically reviewed by the Trustees and may be revised to meet the construction, operation and maintenance needs of the Parking Program.

### 4. Disposition of Parking Fines:

Fines paid to the Bakersfield Municipal Court as a result of citations issued by Campus Security Officers are retained by the County of Kern. At our request to the court, fines have been reduced from the normal \$5.00 charge in Bakersfield to \$1.00 if the parking citation is resolved within 24 hours, and \$2.00 thereafter, but within the prescribed appearance date.
