Dear Journalist,

Just a few words about Michele Serros. She is a very funny and very smart young Mexican-American writer and performer from Los Angeles whose first book was published while she still an undergraduate at UCLA. Her debut album, *Selected Stories From Chicana Falsa*, is a highly-polished production in which her stories comes to life as a kind of movie for the ears.

Although Michele is a young artist and ...*Chicana Falsa* her first record, she has already begun to win strong notices. *Si* magazine, a national Latino monthly out of Los Angeles, discerned in Michele "the genius to create full-blooded characters in just a few sentences," and described the CD as "no ordinary spoken word recording." In New York, *the Village Voice* had Michele capturing "more than the vagaries of Latina life in LaLa; the pressures and yearings Serros describes are those of anyone anywhere in America."

Check out ...*Chicana Falsa* at your earliest convenience and see if Michele doesn't refresh your ears.

Thanks,

Bill Adler
