Council Chambers

- I. Thank you. It's a real pleasure to welcome you to Oxnard. We are very happy to have the opportunity to meet all of you here this morning.
- II. I would like to thank Bea Hartman for helping to arrange this visit. Bea is a very good friend to the City and we are glad to work with her in arranging this program.
- III. I understand that you have been studying English at UCLA this summer as part of a teacher exchange program. I would certainly like to hear from you

about this program, and about some of your experiences in this country during the summer (informal discussion. . .)

- IV. Again, I'd like to welcome you to Oxnard and extend best wishes for a safe and pleasant trip.
