I decided that
my holographic will needed
to be brought up to date.
This revision I completed today
after you were over. It is the
only copy of the revision and
I'll have to have it back when

Return from Indiana
as I can copy it.

I fully expect to return
from Indiana, but just in
case fate should decree other-
wise I felt obligated to put
a revised holographic will in
your hands. So I revised it
today to take account of our
joint tenancy etc. Love - Carl.
