Mrs. Jane Tolmach, Chairman

Ventura County Democratic Central Committee

Oxnard, California

Dear Jane:

Please express to the central committee members my most sincere thanks for all the help and guidance given in the past campaign. I believe you were better organized and more effective than ever before, even though all our efforts weren't enough to attain victory. There's still much to be done, obviously, and I am willing and eager to do my part.

Regardless of what reapportionment does to this Congressional district, some of the present 13th district will remain saddled with Mr. Teague. Let's start now--not a year from now--to continually chip away and erode this man's strength. It can be done!

Thanks again to all for the big push you gave me. I was honored to be your candidate, and I enjoyed the campaign.

Sincerely,

L. Boyd Finch
